• OVERVIEW •

Cairns All Terrain Vehicle (Quad Bike) Adventure @ 09:15

Picture this, your zooming along the rainforest and adventure trails that zig zag their way across the property with friends, family and other fun loving people on your very own four wheeled motor bike, also called a Quad bike or ATV which stands for All Terrain Vehicle.

All Terrain Vehicle (Quad Bike) Adventure

The Quad Bikes are easy to ride and provide the perfect adventure. With a fleet of both 90cc and 250cc bikes, your guides will ensure the perfect balance between safety and fun! So easy to ride, the group sizes remain small, to guarantee your personalized experience. Anyone can do it!

You will have been placed into a group of similar skill level after completing the safety and introductory lesson. The fantastic guides will then lead you out for as much fun as you can handle whilst getting down and dirty on the fantastic Blazing Saddles ATV tour!

This experience includes a safety and introductory lesson on each and every tour so that if you've never ridden anything before - it doesn't matter.

The Honda TRX250 ATV's are very well maintained and are powerful enough to let you feel great acceleration and grunt. They are ultra manoevrable and as safe as possible. The ride itself which is on a trail separate from the horse rides is exciting and has great views. There are a few water traps and hill climbs to negotiate. You will be trained first and then examined to see if you can handle the power and then let loose on the trail (under guided supervision). There is a smaller bike option for people not comfortable with the larger quad bikes.
