- Operating hours may change due to maintenance, improvements or safety reasons. Please always check with the Service Provider visit their official website for updated information regarding scheduled maintenance and closures before purchasing, and when closer to travel date to plan your visit.

• OVERVIEW •

Arthurs Seat Eagle— One Way Ticket

Gliding quietly through the sky in a gondola at Arthurs Seat Eagle, you could be forgiven for thinking you've been transported a million miles away, rather than one hour's drive from Melbourne. With uninterrupted views, framed by swaying Manna Gums, grazing kangaroos and the trace of distant coastlines, you are immersed in a truly majestic Australian landscape.

ARTHURS SEAT NATURE AND ENVIRONMENT

- Local Wildlife
The Arthurs Seat Eagle Aerial Gondola is located in Arthurs Seat State Park which is home to a diverse range of native animals including kangaroos, koalas, the Southern Brown Bandicoot, Tree Goanna, Southern Emu Wren, Lewin's Rail, Powerful Owl and, of course, our namesake the Wedge-tailed Eagle.
- Flora
There are many rare and uncommon plant species including the threatened Purple Eyebright. Keep eyes bright and may spot it while visiting.
- Walking Tracks
There is a network of walking tracks throughout Arthurs Seat State Park that provide the opportunity to get up close to nature, stock up on fresh air and get some exercise.

SEAWINDS GARDEN

Things to see and do

Arthurs Seat State Park offers a wide variety of recreational activities which include walking, jogging, photography, nature study, picnicking and mountain biking. The park's most popular attraction is Arthurs Seat summit, where visitors can take in the stunning views while enjoying a picnic or barbecue. Take the pleasant circuit walk to Kings Falls or visit the delightful Seawinds Garden, featuring indigenous and exotic formal gardens, along with sculptures by William Ricketts. There are many other walking tracks across the park that provide visitors with the opportunity to explore the park and appreciate its wide variety of flora and fauna.

THE GONDOLAS

Arthurs Seat Eagle is an aerial gondola system, which is supported and propelled by cables from above. It consists of a loop of steel cable that is strung between two stations, over 11 supporting towers. The cable is driven by a bullwheel (a large pulley) at the base and summit stations, connected to an electric motor.

The flight carries passengers between the Base Station in Dromana to the summit of Arthurs Seat, passing high over the beautiful Arthurs Seat State Park. The lift has the ability to travel at a maximum speed of 3m/s (10.8kph) but we generally run it at 1.5m/s (5.4kph) so guests can enjoy the view.

The Eagle is all inclusive and caters to the disabled, elderly, frail and toddlers. It is wheelchair and pram friendly. A combination of enclosed and open cabins provides an all-weather experience for passengers.

FEATURES

- The Eagle has 34 gondolas
- Each gondola can hold eight guests.
- The summit is 314 metres high
- The flight takes approximately 13-15 minutes each way
- There is 120t of steel in the towers
- Each gondola weighs 785 kgs
- Over 2km of steel cable is used overhead to transport the gondolas up and down the slope
- The gondolas were manufactured in Switzerland
- The tallest tower is 'Number 9' - it's 22 metres from the ground to rope level
- Seawinds Gardens is an easy two minute walk away
- Lookouts are located across the road from the Summit Station and in Seawinds Gardens
- The gondolas can accommodate prams and wheelchairs
- Toilet facilities, including accessible toilets, are at both stations
- Kangaroos are frequently spotted in the area
- The Eagle can operate in most weather conditions with the exceptions of strong gale force winds and lightning
