Sydney Zoo Western Sydney Entry Ticket

Sydney Zoo was founded in 2015 with an aim to create amazing experiences for the local and international community by introducing them to a range of animal species from all over the world, while also educating on animal welfare and conservation.

Australia's most advanced zoo in the heart of Western Sydney

A world class zoo that is set to be one of Western Sydney's main attractions.

Embracing technology and innovation to improve animal welfare, visitor engagement and education, Sydney Zoo will be exhibiting a wide range of animals in a safari-like experience. With clever designs hiding barriers combined with the latest technology, it will provide an experience that is more immersive and engaging than traditional zoos.

Sydney Zoo includes approximately 30 exhibits and a variety of animal species such as highly popular exotic and Australian animals.

The Bungarribee Wildlife Experience

At Sydney Zoo visitors will meander along open range leafy bushland pathways, immersing themselves in an Aussie Bush Safari. All displays will allow visitors to get up close to koalas, echidnas, wombats, Tasmanian devils, dingos and a range of other unique species. Getting close to the friendly kangaroos, wallabies and emus is a must do experience for visitors to take away that all important "selfie".

No visit will be complete without a trek through the unique underground nocturnal and reptile displays including bilbies, quolls, ghost bats and Australia's wide variety of insects, lizards, pythons and venomous snakes.

The Bungarribee Dreaming Experience is delivered by Aboriginal guides and features traditional artefacts and dreamtime stories set amongst bush tucker plants and native wildlife. The native aquarium will delight guests of all ages with its underwater shark viewing, cute little penguins and an enormous saltwater crocodile.

The entire zoo is easy to navigate with level pathways and no steps, hills or climbs, which will allow access to all areas for every age and ability. Bungarribee (pronounced "Bun-Garri-bee") is the Aboriginal name for the Sydney Zoo area. Bung meaning 'creek' and Garribee meaning 'cockatoo'.

Exhibits at Sydney Zoo

- **Africa**
Africa is best known for its vast expanses of savannah, with large herds of grazing animals and their predators. See lions, zebra, hyenas and more from the one of a kind boardwalk.
- **Primates**
As mankind's closest relatives, primates are known for their intelligence and resourcefulness. Stroll down Primate Boulevard to get a close-up view of chimpanzees, baboons, monkeys and more.
- **Asia**
Our Asia precinct will feature tigers, red pandas and more - showcasing the neighbouring region's richness in biodiversity.
- **Australia**
Australia is known for its unique wildlife, most of which is found nowhere else in the world. You'll be able to visit marsupials, nocturnal species, reptiles and more in the Australia precinct.
- **Aquarium**
Australia is home to many unique species of fish. The aquarium will be home to many of these, as well as a crocodile and penguins.
- **Reptile and Nocturnal House**
Walk through the amazing underground Reptile & Nocturnal House, let your eyes adjust to the darkness, and experience a visual array of scaly and spiky species as well as some nocturnal creatures.

Zoo Features

- One of Australia's best displays of native Australian flora and fauna
