## **Moreton Island Wrecks Adventure Tour with Return Ferry from Brisbane**

### **About Moreton Island**

Moreton Island is a 37km long sand island located in Moreton Bay, off the coast of south-east Queensland, Australia. The island covers an area of about 17700ha, and extends for 38 km from north to south. At its widest it is 8 km across. The Island lies only 35kms off Brisbane forming the eastern boundary of the Moreton Bay Marine Park. Moreton Island is 95% National Park.

Moreton Island "The Gem of South East Queensland" is one of the best experiences that Australia has to offer. Brisbane is fortunate in having on its doorstep one of Australia's largest sand islands, making Moreton Island perfect for that much needed getaway. Moreton is almost completely sand with no roads, so a 4WD is needed if going further than walking distance from the ferry landing points. Just across the bay from civilisation, Moreton is quickly being discovered as an unspoilt paradise for people wanting to relax and enjoy nature. This is a place where the crashing of the waves sets the pace of your day.
